try for the bag. "Chance takers" are appreciated in Washington. Manager Stahl should watch Patten's delivery at the start of every time he goes in the box. If there is no speed there yank him out. This from one of the wise guys of the New York.

Elberfeld was expected to report to the New Yorks in this city, but as he didn't show up yesterday he will join the "Yanks" in Gotham. The little fellow is said to be in the "varsity" eight-oared event, which will decide the college aquatic championship of the year. This race will be the third on the day's program and will not be started until 6 o'clock, or even later, if tide and wind conditions are not favorable at the scheduled hour. The result will be known some twenty minutes after the starter's pistol has sent the shells away on their heart-breaking journey. The start will be made three miles above the gaunt steel bridge, which spans the Hudson at this point, hundreds of feet in the air. The finish will be one mile below the structure at a point where, early today, scores of excursion steamers, yachts and all manner of pleasure and observation craft cast anchor.

The first event of the afternoon will be the "varsity four-oared race" at two miles, in which the contestants will be Cornell, Syracuse, Columbia and Pennsylvania. This race is set down for decision at 4 o'clock. The second race will be started forty-five minutes later and will be for eight-oared crews of freshmen from Cornell, Wisconsin, Syracuse, Columbia and Pennsylvania. The freshmen will also row over the short two-mile course, starting one mile above the big bridge.

Poughkeepsie Crowded. This little city, nestling in the green hills on the east bank of the river, is filled today with college men, young and old, who have come to see the races. Summer girls are here in their prettiest frocks. Without them the regatta would hardly be worth rowing. Everywhere the college colors are in evidence. Georgetown is not wanting in friends in this respect. Gray and blue hunting is most conspicuous in the Cornell color scheme. Georgetown flags flutter from scores of canes and parasols gayly waved by young men and women. Long streams of blue and gray ribbons float from the coat laps of young students and from the corsage bouquets of the pretty girls who accompany them. Everywhere in the wild riot of red, which represents the college colors of the crews represented in this year's regatta, the more modest colors of Georgetown are to be noted.

The Georgetown crew will go into the big "varsity race" this afternoon in as fit condition as careful training and earnest efforts have been able to contribute to such an end. Coach Dempsey gave the men their last rowing exercise this morning. Their stay on the water was of a brief duration and was intended simply as a warming-up exercise, much as thoroughbred race horses are prepared for a notable event on the turf. The crew was to have had a good hard spin over two miles of the four-mile course yesterday afternoon, but the weather was so blustering at the rowing hour and the Hudson was chopped up into such a heavy sea that Dempsey deemed it wise to risk either men or shell on the water.

Dempsey Confident. "We have a good crew," said Dempsey this morning, "and I will be much disappointed if we do not figure prominently in the race. The struggle this afternoon will be the hardest seen in years over the Poughkeepsie course. I have been watching all the crews steadily since coming here, and their chances seem more evenly matched than any lot of college oarsmen ever entered in an American regatta. The rowing men who are here from all parts of the country tell me the Georgetown crew is displaying better watermanship and are working better in their boat than last year's crew. Whether or not we have the sailing courage to fight out the finish as we did last year and secure third place remains to be seen. The stamina that may be in a crew is never developed until the end of the race, and I am sure that we are a weak man at an oar may upset everything. If my boys do as well as we did last year we will be all mightily well pleased at ourselves."

"Since coming here a week ago yesterday the eight has improved wonderfully. The racing atmosphere here simply brought them up wonderfully. Then, too, the cessation of study and the opportunity to row when we pleased made a wonderful saw us row on the Potomac. I know the crew that is going into the boat this afternoon. There will be no change of personnel whatever, but the men have been keyed up until they are right on edge. We have had no sickness or anything to hamper us in our final days of preparation. I look to Pennsylvania this afternoon to surprise some of the sharps. This year they know how to row as well and the consolation is a dangerous one, but Cornell has a splendid eight. Syracuse is stronger than ever; Wisconsin has a veteran crew—men who know how to go about their tasks from first to last, and Columbia is admittedly in better shape this year than last. The struggle, therefore, must be a hard one, and the best crew ought to win."

The spirit among the Georgetown crew is one of good will. The men are confidently predicting that they will finish "inside the Blue and Gray boats of the past."

MISS SUTTON IN LEICESTER FINALS LONDON, June 23.—At the open lawn tennis tournament at Leicester yesterday Miss Sutton reached the final in the ladies' singles.

The American lady, hitting with great nerve and confidence, won the first set without the loss of a game. In the second bout her opponent, Miss Lowther, came within one set of the set, but Miss Sutton won the third set, and after a long and arduous battle at 10-8, amid a loud applause.

Miss Sutton next easily defeated Miss Burton in the semi-final in the mixed doubles. Her partner, Mr. Sutton, and Mr. Doherty were beaten after close play by Miss Longhurst and Willing, a strong and determined combination.

ALICK SMITH WON WESTERN GOLF HONORS CHICAGO, June 23.—Eastern professionals were first and second in the open championship of the Western Golf Association yesterday at the "Honeywood" club. Alick Smith won, repeating the silver trophy of 1903 at Milwaukee, and John Hobens was second. Smith was second and Hobens got eighth money in the national open championship last year and have become favorites for the same contest at Onwenta. The first round Alick Smith, 234; Will Anderson, 236; G. Nichols, 238, and Will Smith, 239. The second round: Alick Smith, 235; John Hobens, 236; Fred McLeod, 237; Gilbert Nichols, 238; Harry Atwood, 239; Stewart Gardner, 240; Jack Jolly, 241; William L. R. 242; W. H. Way, 243; G. W.
